

# The KEVIN HURLEY Show

## COMEDY HYPNOSIS & MAGIC

Kevin Hurley is truly an entertainment junkie. His love for hypnosis, magic, theatre, current events, comedy, and audience participation shines bright in every performance. After 14 years of performing professionally Kevin has transformed The Kevin Hurley Show into one of the most popular shows of its kind thus becoming one of the hardest working people in novelty entertainment.

Performing nearly every day sometimes even multiple times a day Kevin combines hypnosis, sleight of hand, illusion, mental demonstrations, and his personality into a unique experience for audiences all over the country. What makes Kevin Hurley's show so memorable is his ability to connect with the audience. No matter if it is a big stage in a theatre or an intimate gathering by the swimming pool get ready to hear "Wow, this was our best event ever!" "How did he do that?" "I never liked shows like this until now."

In 2007 Justin Timberlake requested Kevin Hurley to perform for his guests and crew back stage for the FutureSex/LoveSounds Tour. The same year Kevin's show was requested for Tiger Woods at the US Open. Currently Kevin is touring the US with his one-man show that is truly amazing. Imagine a man invites complete strangers from the audience to join him on stage. Then within 3 minutes your friends, family, classmates, co-workers are hypnotized; YES FOR REAL. Instantly they become the stars of the show and you will be on the edge of your seat anticipating what will happen next. The Kevin Hurley Show is completely organic. No two shows are ever the same. You will never forget when you see someone who you know forget their last name, fly and imaginary airplane, speak in foreign languages, dance like they never thought they could (at least in public), and collapse at the shake of Kevin's hand.

All across the Country top universities, corporations, resorts, and organizations trust The Kevin Hurley Show for their highest profile events. With well over 3,500 live performances, Television, Radio, and News Paper Coverage, 3 Hypnosis Audio CD's and an instructional magic DVD keep your eye on this act because it is definitely going places.
